

# Oxygen

## PRODUCT FEATURES:

### Control Panel

The control panel provides real-time information that users can easily understand:

- Oxygen Flow Rate
- Oxygen Concentration
- Power Status
- Battery
- Alarms, Errors and Warnings

### Oxygen Purity

Delivers 90% ± 2% purity of oxygen at a flow rate of 0.5 litres per minute.

### Constant Flow

Able to deliver constant flow rate from 0 up to 10 litres per minute

### Alarms for Safety

The SentOx has inbuilt audible and visual alarms to ensure user

## PRODUCT SPECIFICATIONS:

<b>Flow Specifications</b>	0.5 LPM – 10 LPM
<b>Oxygen Concentration</b>	93% + at 2.5 LPM 82% + at 10 LPM
<b>Power Consumption</b>	24 W
<b>Voltage</b>	AC220V/50Hz
<b>Sound</b>	≤45dB
<b>Dimension</b>	570 mm x 210 mm x 420 mm
<b>Weight</b>	14 kg
<b>Alarm Functions</b>	Low Oxygen No Flow Low Battery No Power High Temperature

SentOx Requires an external compressor to provide pressurised air to the system.

<b>Compressor Requirements</b> <i>*Does not come with SentOx</i>	Oil Free Inlet Pressure: 5 ± 0.3 bar >60 LPM Free Air Delivery
